

## CC-20 Contour Projector®

High Capacity Optical Comparator for Large Parts

The CC-20 optical comparator is a precision instrument designed for the shop floor. It has extensive standard features and a range of options that allow you to configure a system to meet your specific measurement needs.

The eye level 20" diameter screen and conveniently located DRO make measurements fast and easy.

- Includes first in class high brightness TruLight® LED profile illumination with variable intensity control
- High load capacity, nickel-plated worktable easily accommodates large, heavy machined parts and fixtures
- Optional VidiProbe® video measurement and eCAD® virtual chart gage system

Proudly designed and manufactured in the United States of America
